From HOD's Desk...

Dear students, I invite you to discover with us how you can make the most of your potential and unleash the energy you demonstrate to change your world, our world, the world!

Throughout the semester, we have the opportunity to explore how to develop and implement such concepts as social justice, ethics and conflict resolution in order to ensure fairness and respect in various aspects of daily life.

Vimal Jyothi encourages you to take a fresh look at what makes up modern life, for life today is changing and evolving. Here at Vimal Jyothi, we hold in high esteem the human relationships we have with our students. The ideas and values that underpin the development of the human person in his or her experience of life fascinate us, as they do you.

We hope we can contribute to your future so that you will all develop the qualities that you need to be true agents of change. It is by transforming ourselves that we transform the world, our world, your world.
