

ABOUT MECHANICAL ENGINEERING DEPARTMENT

Mechanical Engineering activates at Vimal Jyothi Engineering college in the year 2004. It is the broadest Engineering discipline encompassing a wide variety of engineering fields and many specialties. The Department offers students the opportunity to pursue an exceptional, high quality education. The Department is one of the largest in terms of faculty, students, & activities and continues to lead and expand its activities in various directions. Experimental and computational facilities are being continuously upgraded. The major research efforts are in Robotics, CFD, renewable energy and heat shielding materials for space applications.

VISION OF DEPARTMENT

To become a center for excellence in Mechanical Engineering producing innovative and creative mechanical engineers to meet the global challenges by imparting quality education.

MISSION OF DEPARTMENT

To provide state-of-the-art infrastructure to the students towards enhancing quality education in Mechanical Engineering.

To educate students to build leadership quality, Entrepreneurships, Professional and Ethical responsibilities for the benefits of the society.

To create opportunities for the students in acquiring career oriented jobs in the field of Mechanical Engineering

One Day Workshop on **TRANSITION FROM ISO 9001:2008 TO ISO 9001:2015**

16th December, 2016

COORDINATORS

Prof. Cdr. Raju K.K.(Retd)
Prof. Appu Kurian

**DEPARTMENT OF MECHANICAL ENGINEERING
VIMAL JYOTHI ENGINEERING COLLEGE
CHEMPERI – 670632
KANNUR**

OBJECTIVES

ISO, International Organization of Standards is an independent, non-governmental international organization with a membership of 163 national standards bodies. Through its members, it brings together experts to share knowledge and develop voluntary, consensus-based, market relevant International Standards that support innovation and provide solutions to global challenges. provide practical tools for tackling many of today's global challenges. ISO 9001:2015 (the most recent version of the standard) is made up of a number of different sections, each concentrating on the requirements involved in different aspects of a quality management system.

The main objective of this workshop is to implant the general facts, such as the history of ISO, the need of standards in any organization and thereby enhancing the knowledge of internal auditors to conduct the internal auditing as per the pristine-updated version of ISO 9001:2015. The course is designed in such a way that, in addition to the fundamental knowledge, the auditors or authorized personals will be an expert in documentation procedure of the relevant records.-especially the changes that has to be done with the former version , for refurbishing to the newer one.

RESOURCE PERSON

Mr. Shyam Kumar H.S

Project Consultant

Disha Corporate Consultants
