ACTION TAKEN REPORT

Our institute has been more involved in creating awareness about green campus and its up keeping. Go Green Club of our college was inaugurated on 3rd April 2017 by our District Collector of Kannur, Shri. Mir Mohammed Ali, I.A.S., by planting a sapling. From then onwards we have a daily message about green campus and its initiatives in our college main notice board.

To create awareness we started observing National and International days related to environment like, National Science Day, World Wild Life Day, World Forestry Day, World Sparrow Day, Reducing CO2 Emission Day, World Wetlands Day, World Metrological Day, World Water Day, World Health Day, International Mother Earth Day, etc.. These days were observed by the college as a whole and was entrusted to a department like Civil Engineering, Mechanical Engineering, Electrical Engineering etc..

Instructions were given to the class representatives, who were members of Go Green Club, to switch off the lights and fans in the class, when they were not in use and to supervise the class mates in efficiently using the water in wash rooms.

Apart from competitions and Go Green Messages, Expert lectures on the corresponding environmental topic were also organised.

Some of our activities:

- ❖ Installed colour coded waste segregation bins across the campus
- ❖ Implemented a campus-wide ban on use of single-use plastics

---	--	--

- ❖ Replaced traditional lights with energy-efficient LEDs
- ❖ Increased green spaces through tree planting
- ❖ Regular maintenance for plant health
- ❖ Conducted awareness program on green campus.
- ❖ Implementing one student one tree campaign
- ❖ Awareness posters supporting green campus initiatives have been displayed in the college notice board

Our institute has a UNAI (United Nations Academic Impact) College chapter which concentrates on activities related to Sustainable Development Goals supporting our activities. We have 2 NSS units which also takes care of some environmental oriented activities, especially outside the Campus

As a result the campus is well maintained with the cooperation of the students and staff. We also have a set of people who are concerned with the cleanliness of the campus. We are encouraged and appreciated with awards and citations.

The maintenance has encouraged us to apply for World Green Ranking and National Green Ranking. We received the **KERALA STATE RENEWABLE ENERGY AWARD 2017, DISTRICT GREEN CHAMPION CERTIFICATE, THE GREEN INSTITUTIONAL RANKINGS 2022 (63rd Rank at All India Level).** We have also applied for AICTE clean campus award.

Our students have been trained to save electricity, save fossil fuels, at their house and in the society around. This is an achievement we are proud of.
