

FROM THE HOD DESK

It is my pleasure to introduce the departmental newsletter for the month of January 2015, which has been giving us an insight on the happenings of technology in this world and being a mirror reflecting in the activities of the department. Last two months have been an eventful one with students interacting with professional that gave them, most importantly, exposure to the world that they are going to face and also nurture a sense of being into the professional trade chosen by them. We have conducted various seminars and workshop for the ECE students. The projects made by the final years were a class apart this year and I wish the students join various technical or non technical firms to endeavor their engineering concepts and skill sharpened so far.

NEXUS

Editorial:

The memories of the past keeps our confidence , and the hope of the future is what we live for, but the present is what keeps our essence alive. This is what we Vjec's believe in living in the present with the penchant for excellence in every sphere of activity with confidence and vision of the future. We are extremely glad to bring forth the latest volume of our departmental newsletter “NEXUS”. This edition brings you the updates on the latest activities that took place in the department in the last couple of months.

Staff Editor: Mr. Adarsh K S

Vision of ECE department: To lead the students in the Quest for attaining excellence in ever evolving technical trends in the fields of electronics and communication

Mission of ECE department: To empower emerging engineers with state of art technology with high pattern of discipline nurture career improvement and develop human and social intellectual qualities necessary for successful practice of the profession

EVENTS UPDATE

TECHNOSIA 2K15

The department of ECE conducted a two day national level Automation Robotics workshop by Spark Lab Engineering Systems Pvt. Ltd in association with Techkriti 2015 IIT Kanpur on 6th and 7th January 2015

ETHICAL HACKING WORKSHOP

The department of Electronics and Communication is to conduct a two day workshop on ethical hacking and network security named "TECH 2015" on 20th and 21st February 2015. The workshop is basically aimed for the s6 ECE students so as to have a proper knowledge on the ethics of hacking and on its implementation.

LATEX WORKSHOP:

Vimal Jyothi Engineering college has organized a two day workshop on Latex during 20th and 21st January 2015. Latex is a high typesetting system, it includes features designed for the production of technical and scientific documentation. Latex is the de facto standard for communication and publications of scientific documents.

IIT SHASTRA:

Amal Kurian Mathew, S4 ECE student participated in the IIT SHASTRA techfest organised at IIT Madras. He represented the college in the robo fest events held over there. The robot designed by him made a stunning impression by finishing in the top 10.

IE ACCREDITATION BOARD:

The Accreditation Board of Institution of Engineers visited the Electronics and Communication Branch of Vimal Jyothi Engineering College. The final year students presented their projects to the board who were impressed with the work.

SPORTS FIESTA:

Jithu Varghese (S4 ECE) and Nayana PC (S4 ECE) participated in the Kannur University. They brought laurels to the college by finishing in the top places in the sports fiesta. Jithu Varghese bagged the bronze medal in the long distance marathon race and Nayana PC bagged the gold medal in the badminton event.

SPANIOS PLACEMENT:

The department of ECE is proud to announce that three of the final year S7 ECE students got placed in the Spanios placement held at Vimal Jyothi Engineering college. The students are Anupriya M., Shighil. P, Sreejith T.K. The ECE department congratulate the students on their achievement.
