EMPLOYABILITY BRIDGE : FLAG-15

We, the department of CSE, thank the Principal, Management, Placement officer & various placement coordinators for the effort that they have put in getting our students placed. We are especially thankful for the Employability Bridge's FLAG 2015 Mega Recruitment drive hosted at our college on 11th Feb 2015. VJECians saw the first Kerala based FLAG event. Companies like Saint Gobain, American Megatrends, Headrun Technologies Pvt, Ltd, HCL Technologies, Reliance, Maarga Systems and Baabte were part of the FLAG recruitment drive.

We are proud of our final year student, Mr. Mubashir K P, who has been selected by Headrun Technologies. Many of the CSE final year students are in the shortlist of various companies and we hope that they will be in the final list, which is yet to come. We hope that VJEC will witness more events like this in the future…

WE 2K15 –ARTS FEST

We2K15 Arts festival flagged off with offstage events on 06/01/2015. Mr. Sreenath Bhasi, youth icon and film star, inaugurated the onstage events on 12.01.15. The festival was blessed with presence of our Chairman Rev. Fr. Geo Pulickal. This year's Arts Secretary was Mr. Amal Vishak Chandran, S6ME A-Batch and Mr. James Mathew, AP, CSE was the staff-in-charge.

VJEC college union 2015 has introduced an overall ever rolling trophy, named after Master Nived Narayan, who was a student of 2012 batch, and has now returned to his heavenly abode.

Entire VJECians were divided into four houses yellow, blue, red, and white. Every student had participated wholeheartedly to gain points for their respective houses and to entice the crowd with their artistic talent. Yellow house had won this year's Nived Narayan overall ever rolling trophy and Arts championship trophy was won by white house.

VISION

To Create A Vibrant Environment That Fosters Critical Thinking Dynamism, And Innovation to Transform Students Globally Competitive IT Professionals

MISSION

To Achieve Our Goals Through Distinctive Approach To Curriculum, Technology Driven Research And Rigorous Academic Study Imbibed With The Excitement Of Discovery

What is inside …?

A LADDER TO IT WORLD

Dept. of CSE was fortunate to get a session from an eminent personality, **Mr. Manoj Krishna, VP-Technology, Accenture** on 30th Dec 2014. The participants of the program were 6th semester and M-tech students of all batches. The talk focused on the topic *"CAREER OPPORTUNITIES IN THE IT FIELD"*, which was more relevant in present day's scenario. The speaker went through every nook and corner of the topic and had put his full effort to convey the real opportunities that we have now-a-days in the field of IT. He succeeded in delivering the effective ways that a student needs to adopt while he is in search for a career in IT field. He also insisted on various tips that should be followed to build a successful career in IT field. The moment was blessed with the presence of our beloved chairman Rev. Fr. Geo Pulickal and our Principal, Dr. Benny Joseph. A memento was presented to the speaker by the Administrator, Rev. Fr. Jinu Vadakkemulanjanal, on behalf of the department, as a token of our love and gratitude. . A memento was given to the speaker, by Rev. Fr. Jinu Vadakkemulanjanal, on behalf of the department, to express our deep sense of gratitude and token of love.

ART OF TEACHING

Under the banner of IEEE Computer Society, Department of Computer Science and Engineering organized a one day workshop, "Teaching & Learning" on 19-01-2015. It was handled by an eminent resource person Dr. Anandi Martis from St. Thomas College, Pala.

The program started at 9.30 A.M. M.Tech students and faculty members from various departments participated in the program. The gathering was welcomed by Ms. Divya B, HOD, Department of Computer Science & Engg. Presidential Address was delivered by the Principal, Dr. Benny Joseph. In his Presidential address he stressed the importance of teaching skill initiatives. Dr. Sr. Therese Koottiyaniyil, Asst. Professor and Guidance Counselor VJEC, delivered the felicitation.

In the first session Dr. Anandi talked about the historical background of Indian educational system, generalized idea and concept of four pillars of Education. She explained in detail regarding the small things to take care while teaching, time management, vision and mission of a teacher, ethical values and the usefulness of various teaching aids. The first session was highly informative and useful for budding teachers. Focus of afternoon session was on learning methods and she explained in detail about the Bloom's classification of objectives, goals of learning, definition of learning, types of memory and how to memorize things in long and short term memory.

Session concluded with group discussion, interactive session and soft skill tips. Students enjoyed the workshop and they were motivated to become good teachers of tomorrow...
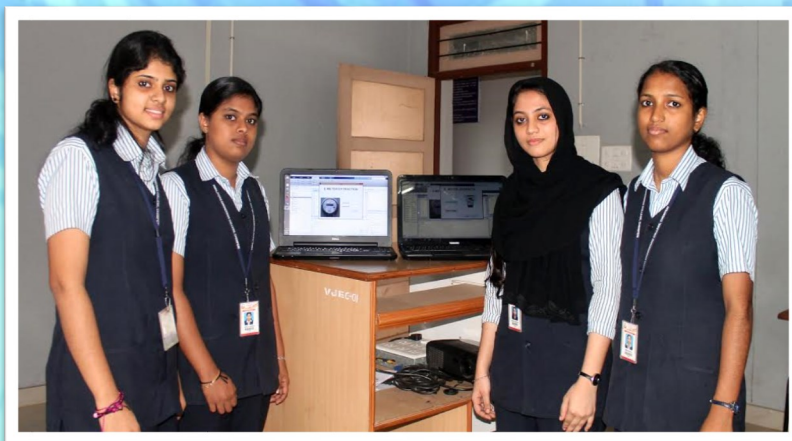

HAPPY MOODLING...

Department of CSE has added a milestone in its journey by implementing our own LMS (Learning Management System) portal. Learning management systems are used to create, deliver and manage the learning process. Mr. Midhun TP, AP, CSE has configured the LMS portal using a famous open source learning platform called Moodle. Moodle is designed to provide educators, administrators and learners with a single robust, secure and integrated system which can be used to create personalized learning environments. You can access our LMS portal using the link, lms.vjec.ac.in. Please do register here and HAPPY MOODLING...

THEY MADE IT TRUE

The final presentation and demo of the major project done by the final year students was evaluated by the project valuation committee from 3rd to 5th of Feb 2015. There were a total of 15 groups each consisting of 4 members. There was a blend of both hardware and software projects. The calibre of each and every student reflected in the work that they have presented. The topics were chosen in such a way that it has a great impact in today's world and has got a high degree of economic feasibility. The work of students is appreciable. Some of the products are put forward for their sale in the market.

A PATH FOR TECHNOCRATS

Department of CSE, in its attempt to make our students more industry ready, had deputed two staff members, Mr. Prasanthkumar PV & Mr. James Mathew P, for attending Foundation Program for Campus Connect at Infosys SEZ Campus, Mangalore from 15th Dec-19th Dec 2014. Our department has successfully completed a Campus Connect batch in CS & other branches in 2014 and we plan to continue the same in the coming years.

"An algorithm must be seen to be believed and the best way to learn what an

Four of our faculty members, Ms. Divya B, Mrs. Neena V V, Mrs. Ancy K Sunny & Mr. Sunder V attended a three day Faculty Development Program, **"Basics Of Computational Complexity Theory"** at Govt. Engineering College, Sreekrishnapuram. Classes were handled by Dr. Jayalal Sarma M N, Assistant Professor, IIT-Madras.

They Presented

The Industrial Training Presentation of Semester 8 students of CSE was conducted on 31 Dec 2014 and 1st Jan 2015. The students had visited Linspire Solutions Ernakulam and IPSR, Kottayam. They had gained training sessions on PHP, Android, .Net, Graphic Design, RedHat Systems Administration, etc The visit could connect the students with the academic subjects with the cutting edge technologies deployed in the dynamic IT Industry. With the root-level placement training from the college, by this industrial training-cum-visit, the students could attain a productive outlook about the real world professional network.
