

# ELECTRICAL GNOSYS

VOLUME: 11

ISSUE: 8

## HOD'S DESK

Prof. Laly James

I am glad to note that yet another edition of "ELECTRICAL GNOSYS" is ready to publish. The Newsletter is presenting a glance of growth of our department on many fronts. I appreciate the efforts of staff and students for past month and here are some of the highlights of events in last month.

We celebrated International Women's Day on March 8 in the department and to encourage all the students a session with Sub Collector of Thalassery, Ms. Anukumari IAS was conducted.

We are also proudly announcing our upcoming five day online Faculty Development Programme from 25th April. I am wishing you all more perseverance and ability to work hard to excel in the ongoing university exams and upcoming external lab exams. Hope you all will have a great semester ahead as the classes will be starting for first, second and third years in the mid of the month.
