

STANDARD OPERATING PROCEDURES FOR UTILIZATION AND MAINTANANCE OF COMPUTER

Standard operating procedure will set the guidelines for utilizing and maintenance of computers across various departments in the institution.

PROCEDURE FOR UTILIZATION OF COMPUTERS

- A log book is maintained for the users where they are supposed to make an entry for having logged into the computer. And they are asked to mention the time of check-in and check-out.
- Users are instructed to follow do's and don'ts pertaining to usage of the computers.
- Users are not allowed to plug-in any external hardware devices like pen-drives etc without prior permission of the lab in-charge.
- Users are made responsible for any fault or damage to the computer.
- Users should not either delete or install any data or software without the knowledge of the lab in-charge.

PROCEDURE FOR MAINTENANCE /SERVICE OF THE COMPUTERS

- If any problem arises, with the computer hardware or software, minor repairs are carried out by the technical staff and faculty member as per the requirement.
- The major repairs are entered in the maintenance google form to register the requirements for Maintenance/Repair.
- Depending on the nature of the problem the repair process is initiated with the help of technical staff or by inviting technicians.
- System administrator along with the instructors of the respective labs are responsible for updating of firewall and antivirus.

STANDARD OPERATING PROCEDURES FOR ESTABLISHMENT, UTILIZATION AND MAINTENANCE OF LABORATORIES

UTILIZATION OF LAB:

- A detailed schedule is prepared for conducting laboratories by creating required number of batches for each Class.
- Faculty in charge and the lab assistant are responsible to deliver the instructions to conduct the lab.
- The institution has unique practice of maintain log books where information about the in and out time.

MAINTENANCE OF LAB :

All the laboratories in the institution are subjected to periodic maintenance by the Lab assistant and faculty members. In the event of failure, repair or replacement will be carried out. Maintaining the neatness is a prime concern to keep equipments machine etc in good working condition .The tasks is taken care by attendee and housekeeping staff.

STANDARD OPERATING PROCEDURES FOR CLASS ROOM MAINTENANCE AND OTHER GENERAL MAINTENANCE

- Class room maintenance is monitored by the Mentor and HOD's system of the respective department. Any issues pertaining to maintenance of class rooms are communicated to concerned persons for further follow-up and necessary action.
- The general maintenance includes maintenance of civil, plumbing and electrical works. The complaints are normally received by the Mentor and HOD 's of concern department periodically.
- Based on the registered complaint in the google form the Supervisor initiates the process of maintenance work with the help of concerned workers for the purpose of maintenance. Once the process is initiated the list of necessary materials and components submitted to the Principal and the same list is forwarded to the central store of the institute.

VIMAL JYOTHI ENGINEERING COLLEGE

JYOTHI NAGAR, CHEMPERI – 670632, KANNUR, KERALA

ACCREDITED BY IEI, NBA & NAAC ♦ ISO 9001:2015 CERTIFIED
AFFILIATED TO KTU ♦ APPROVED BY AICTE

- Another important of the general maintenance is electrical system maintenance which includes diesel generator sets and other equipment. The Supervisor will inspect class rooms, labs corridors and streets etc for lights, bulbs, fuse for their working condition periodically.
- Institute also has installed BIOMETRIC unit to record and monitor the attendance of all the employees (teaching and non teaching supporting staff) BIOMETRIC units are subjected to periodic inspection.

STANDARD OPERATING PROCEDURES FOR SPORTS FACILITIES

- Physical Education Director is responsible to schedule the various sports activities, events, and timeslots.
- Physical Education Director take part in the events organized by university level. Students are allowed to practice and play the games after 4:10 pm.
- Students are allowed to use indoor and outdoor sports facilities and required sports infrastructure with prior permission of physical educational director.
- The preventive measures are also taken care by providing necessary first aid kit and telephone numbers of nearby hospital and ambulance.
- Institute provides facilities Gymnasium practice.
- Necessary training classes are scheduled by Physical Education Director.
- Physical Educational Director helps in organizing, supervising, and officiating games and recreational activities.

STANDARD OPERATING PROCEDURE FOR LIBRARY

- Using IDs, students can be issued 3 books in his/her account for a period of 15 days, and faculty can be issued 5 books in his/her account for a year. Books will be issued by using their IDs in library computer. Bar coded ID cards are provided for all the users. The entry of all the users is documented by a scanner at the library entrance.
- The books to be issued shall also be scanned for its Barcode. E-library has been made accessible through login ID and passwords so that to keep its resources secure and limited to the students /faculty/researchers only.
- The library is a user friendly library with Printed journals and e-journals also available. The reference section of the library has the rich collection of Indian and international editions textbooks and reference books. And request can be made to the concerned for having access to the full text of the desired research paper.

MAINTENANCE:

- The library in charge monitors the well maintenance of the library such as maintaining the registers, availability of books as per the requirement of the students and staff and the cleanliness of the premises.
- As there are large volumes of books in the library, 100% physical check of books will be done at the beginning of the academic year. Books added every year will be taken into account.
- Loss of volumes of books issued/ consulted in a year will be fined to the user or the user can replace the same with new one.

PROCEEDINGS

Sub: IT Policy

The purpose of this policy is to define the appropriate uses of computing facilities by the students, faculty and staff of the Vimal Jyothi Engineering College, Chemperi. This policy applies to all IT infrastructure users (Faculty, Technical staff, Administrative staff, Contract/Temporary staff, Students, Research Scholars and Guest) who access the IT facilities including internet facilities provided by the institution through Wired or WiFi networking. All users are expected to be familiar with and to comply with this policy.

The Policy

1. Faculty, Staff, and students may use the computing facilities for academic purposes and for personal purposes so long as such use it.
 - i. Does not violate any law, VJEC Policy or IT act of the Government of Kerala / India.
 - ii. Does not interfere with the work of an academic nature.
2. Users will be required to obtain necessary authorisation before using college connectivity.
3. Users should engage in safe computing practices by establishing appropriate access restrictions for their account and computing devices, guarding their password and changing them regularly.
4. The access to college WiFi is restricted to registered users. The one who wants to avail the WiFi facility shall submit an application in the prescribed format.
5. Usage of college WiFi in an unregistered device by spoofing/tethering will be treated as violation of this policy.
6. Even if the access id is different, the registered WiFi user is the sole responsible person for all the communications originating from the registered device.
7. Users should note that their uses of College connectivity are not completely private. As part of the security measures, internet traffic is logged and monitored.
8. Personal data will not be shared to any third party to ensure data privacy.
9. The College, in its discretion may disclose the results of any such general or individual monitoring including the contents and records of communication to the appropriate authorities or law enforcement agencies and may use those results for disciplinary procedures. Users will also be responsible for any activity originating from their account.

10. Accounts and passwords should not under any circumstances be used by any other persons. In case, unauthorized use of an account is detected or suspected, the account owner should change the password.
11. Users shall not use college network and connectivity to get unauthorized access to remote computers which may damage the operations of VJEC Network.
12. Recreational downloads and peer to peer connections for noneducational purposes are banned.
13. All the staff members are empowered to examine the contents of the storage devices brought to the campus by the students.
14. Usage of pirated softwares is not allowed.
15. Software maintained on public personal computers may not be modified, deleted, moved or copied. Default settings should not be changed.
16. Digital Devices are permitted in the campus for educational purposes with prior registration with the competent authority.
17. Any attempt to spread virus or malicious code through the VJEC network will result in serious disciplinary action.
18. The usage of cloud storage is strongly recommended to store and access important data.

Distribution

1. The Principal
2. The Bursar
3. The Administrator
4. All HODs
5. All Staff through Email
