3	Alakode		
4	Sreekandapuram	Taliparamba	
5	Paisakari		

**List of Activities:**

**ACTIVITY 1:** Village women economic empowerment through low cost IoT Based Hatchery Unit distribution.

**Title of the Activity:** A helping hand for Rural women

**Need of the Activity:**

The major source of income of villagers is either farming or business related to agricultural products. The COVID-19 pandemic made a drastic drain in the economic status of the villagers. This proposal aimed to support the village women for finding a revenue through poultry farming. This low-cost incubator is capable of producing 100 chicks from a single unit and will be able to make an income of upto 30000 per month.

**Brief Description**

Each unit is capable of holding 100 eggs (at a survival rate of 90%). The total cost for this is EGG - 5 per unit, electricity bill of 100 Rs for 63 days. They can market chicken meat (130/kg), egg (7 Rs per unit), or chicks (30 Rs per chick). On an average 30000 Rs can be expected from a single unit. 13 unit is distributed to each kudubasree JDS of 13 blocks one each.

News came in the news paper about the distribution of Egg Hatching Unit

## ACTIVITY 2:

**Title of the Activity:** Independence Day Celebration

**Need of the Activity:** The Independence Day reminds every Indian about the dawn of a new beginning, the beginning of an era of deliverance from the clutches of British colonialism of more than 200 years. So, it is the responsibility of every Indian to disseminate the importance and sacrifices of freedom fighters among the young generation around us.

### Brief Description

We celebrated Azadi Ka Amrit Mahotsav with the villagers by distributing National Flag to the villagers to fly the tri color in their houses. The Occasion was marked with a Special Gram Sabha Where-in the Panchayath president, Ward members, Panchayath Officials, the college authorities and village representatives were present.

### **ACTIVITY 3:**

**Title of the Activity:** Snehagiri Psycho Social Home Visit

#### **Need of the Activity:**

For developing the personality and character of the student through community service, these kinds of activities are promoted among student community. These kind of visits helps the students to identify the social needs and the real problems faced by the inmates. This will help to promote the development of socially relevant project ideas among the students for the villagers.

#### **Brief Description:**

Snehagiri Home is a charity home situated in one of the adopted Village. The students and staffs in our institution spend one full day with the inmates. They helped them for their daily activities and entertained the residents of the Centre with games, dance and songs.

### **ACTIVITY 3:**

**Title of the Activity:** Texpo22

**Need of the Activity:**

Technical exhibitions can be a potent medium of communicating latest developments in science and technology to people, in particular youngsters who could be encouraged to take up science as a career.

**Brief Description:**

A science and technical exhibition, “Texpo22” was conducted at Govt. Technical High school, Naduvil, on 29th October 2022. The students of our college demonstrated various technical projects. The villagers and the nearby school students visited the stall.

#### **ACTIVITY 4:**

##### **Title of the Activity:**

Panchayath Planning Committee Membership

##### **Need of the Activity:**

Every panchayath possess a panchayath planning committee to collect the people needs and prepare the plan of action to implement the development plans.

##### **Brief Description:**

The panchayath planning committee is meant to organize the development plans for the villagers, so our college put forward an initiative to provide the technical support in the developmental activities happening in panchayath level. A request is submitted to the president for adding two of our staff members as the permanent member in panchayath planning board. Mr. Vasudevan (NSS coordinator) and Ms. Vidhya S S (UBA coordinator) is added as the member.

#### **ACTIVITY 4:**

##### **Title of the Activity:**

Visit to oldage home , 'Karunalayam'

##### **Need of the Activity:**

Visiting elderly individuals in their homes can expose technical students to real-world challenges faced by seniors, such as mobility issues, vision problems, hearing loss, and memory problems. This can help students develop empathy and understanding for the unique needs of this population.

##### **Brief Description:**

NSS unit 194 ,306 and UBA organized a visit to nearby oldage home 'Karunalayam' on 25th February 2023. 22 volunteers accompanied with 5 staff members participated in the event. The team reached 'Karunalayam' at 10 AM. Volunteers interacted with the inhabitants till 10.30 AM.

**ACTIVITY 4:**

**Title of the Activity:**

THRIVE : Tribal Higher Education and Interactive Ventures for Excellence

## Need of the Activity:

The THRIVE (Tribal Higher Education and Interactive Ventures for Excellence) programme is a project organized and coordinated by District Development Commissioner, Kannur. It is designed to ignite the aspirations and career goals of tribal students in Model Residential School, Pattuvam and to provide them with opportunities for growth and development. This programme focuses on delivering high-quality, relevant, and interactive educational content with the help of nearby colleges, NGOs and other institutions. Through virtual classrooms and hands-on learning experiences, students will develop the skills and knowledge needed to succeed in the modern workforce.

## Brief Description:

Vimal Jyothi has got an opportunity to be one of the coordinating members of THRIVE project. A meeting was held at Kannur and decided to select 10 students as volunteers of the programme. The following students are selected.

An interaction session was organized with the volunteers and the students of Model Residential School, Pattuvam to get an idea about how to mingle with students and what to do upon the interaction, all volunteers from our college interacted with the charming personalities present at the school, We found the students to be skillful and talented, and had discovered the potential of the students and that could help these young minds unlock their full potential.

### **ACTIVITY 5:**

#### **Title of the Activity:**

UNNATI' Mahotsav & Expo

#### **Need of the Activity:**

Mahotsav & Expo organized under Unnat Bharat Abhiyan, a flagship program of the Ministry of Education on 17th - 18th March 2023 at IIT Delhi.

#### **Brief Description:**

Our "Low cost Egg Hatching Unit" project was chosen for presentation at the IIT Palakkad project expo, and it was subsequently displayed at the "UNNATI Mahotsav & Expo" project exhibition.

**Next action plan:**

Sr. No.	Activity to be conducted (along with reason)
1	Most of the villagers are farmers, so we are planning to conduct digital literacy for farmers to make use of Kisan-related applications.
2	Green school Program Installing waste compost units. Technical waste management awareness programs and special sessions.
3	Town cleaning program, and city clean and hygienic awareness campaign.

Dear Coordinator,

Participating Institute of UBA,

Congratulations!

National Coordinating Institute, IIT Delhi, Unnat Bharat Abhiyan congratulates you on getting selected for the Perennial fund award of Rs. 1,75,000 as you have been selected out of 289 institutes who have applied for effective delivery of UBA mandate crossing three rigorous stages of the selection process. Rural development is the process of improving the quality of life and economic well-being of people living in rural areas, often relatively isolated and sparsely populated areas. Gandhiji suggested that an effective way to bring the hope of good living to the rural people is by making the village the central place in the Rural development process and as outlined by Gandhiji self-sufficiency, inter-dependence for other wants, and development of Village Industries is a way forward. Working on the same Unnat Bharat Abhiyan has come very far and kept the same spirit in mind, with one UBA institute as IIT Delhi in 2014 to 2614 UBA institutes all over India in 6 years time is a marvelous journey. With the vision and mission to change the rural development process by bringing HEIs together and through knowledge transfer, community participation, and convergence we can achieve the same for all over the country. UBA is a two-way process in which teachers and students of higher educational institutes are learning the traditional knowledge and wisdom of people in rural areas and provide modern knowledge and technology to the rural people and in the process, both are benefited.

The past one month was really very remarkable as UBA achieved many milestones like the sign of MoU with TRIFED, VIBHA, and CSIR. To see Unnat Bharat Abhiyan from a thought to reality and on still a long way to go is a beautiful yet very responsible job on our shoulders and it is a very proud moment. I must say it is the history that is being created right now by bringing so many institutes together for the same cause. From S&T Intervention to Reorientation of R&D Design, from Planning to Implementation to Monitoring and from converging Funds to Knowledge to Stakeholders, everything was done by these institutes who made all the efforts to bring the real change.

To release the fund we request you to make an expenditure plan for your villages i.e., how you plan to spend the amount of Rs. 1.75 Lakhs. Any useful intervention in the village is welcome, there is no restriction on it. Also, it is advised that you should not create any capital assets from this money for the institute. After making it please submit to your RCI for the vetting of the plan and after this submit to us through RCI for \*\*transfer of the fund.\*\*

With Regards,

## Unnat Bharat Abhiyan

Ministry of Education, Govt. of India

### Template for the release of Perennial Assistance fund

#### General Information:

S.No.	Topic	Details
1.	Name of the Participating Institution (along with address)	Vimal Jyothi Engineering College Address: State Highway 59, Jyothi Nagar, Kannur District, Chemperi, Kerala 670632 Phone: 0460 221 2240
2.	AISHE Code	C-43798
3.	Name of Head of the Institution (along with Contact number and email address)	Dr Benny Joseph 0460 2213399 principal@vjec.ac.in
4.	Name of PI Coordinator (along with Contact number and email address)	Dr V Sampath Kumar 8281665573 vsampath@vjec.ac.in
5.	Name (s) of Adopted Village (s)	1. Eruvessi 2. Naduvil 3. Alakode 4. Sreekandapuram 5. Palsakari

#### Brief plan of action:

1.	How do you plan to use of the Perennial Assistance fund, i.e, Rs. 1.75 lakhs? Please provide description. (max 300 words)	We plan to utilize the Perennial Assistance fund for the effective waste management of adopted villages. The action plan is to implement the organic/inorganic waste management system in selected 10 schools in 5 villages ( 2 schools per village). Along with implementation, awareness program will be
----	--	--

	<p>given in all the schools of the villages, so that the message will reach the entire village. We plan to fabricate and install the ring composting units ( 4 numbers in each school) using ferro cement for the organic waste management. Also for schools we plan to provide pen booths to securely dispose the used pens along with special bins for collecting plastic wastes for disposal.</p>
Who will be the beneficiaries?	Entire community in the UBA adopted villages
Expected impact on the Villagers/beneficiaries? (max 100 words)	Effective waste management system implementation, general awareness on waste management and UBA activities in the adopted villages through educating school students and effective dissemination.
If the project has a plan of delivering any technology/product etc., what will be the location in the village? (max 50 words)	Ring composting units fabrication at Vimal Jyothi Engineering College and implemented at selected 10 schools in 5 villages ( 2 schools per village).
Are the planned activities aligned with any Government schemes/programmes, provide name and detail? (max 50 words)	Government of Kerala, Suchitwa Mission is promoting waste management through local govt bodies. This program is in alignment with the Swatch Bharat Mission.
Any plan of expanding the project, eg: in collaboration with any Govt. Scheme/NGO/Donor agencies or funding body? (max 50 words)	Yes, we can expand the project to all households through the support of local Panchayat bodies. Also, for bulk waste handling, higher capacity aerobic bins( Like Thumboormuzhi model) can be implemented.
What will be the role of Participating Institution in implementing the activities planned? (max 100 words)	Fabrication and installation of the ring composting units at different selected schools in the adopted villages. Also, awareness programs for effective dissemination of the effective waste management systems.

## Budget Breakdown:

1. Budget expenditure details for Perennial Assistance Fund along with the details of Convergence fund (if any)	<b>Budget Head</b>	<b>Description</b>	<b>Amount Spent</b>
	Field :	1) Fabrication of ring composts (40 units)	1,20,000
	a. Activity/Technology etc.	2) Pen booths (40 units)	20,000
		3) Waste bins (20 units)	20,000
	b. Travel (village visits only)	Visits to 5 villages two times minimum	8,000
	Contingency	Gloves and other accessories	5,000
	Miscellaneous		2,000
<b>Total</b>		<b>Rs.1.75 lakhs</b>	

#The details about the budget expenditure should be submitted in the above tabular format. Details about the convergence fund (if any) can be also be added in separate rows

## UNNAT BHARAT ABHIYAN

### VIMAL JYOTHI ENGINEERING COLLEGE

#### PROGRESS REPORT

Sep 2020 – Nov 2020

UBA Coordinator's Name: Dr. V. Sampath Kumar

Email: vsampath@vjec.ac.in

Phone Number: 8281665573

Sr. No.	ADOPTED VILLAGES	TALUKA(Block)	DISTRICT
1	Alakode	Irikkur	Kannur
2	Eruvessi	Irikkur	
3	Naduvil	Irikkur	
4	Paisakari	Taliparamba	
5	Sreekandapuram	Taliparamba	

#### List of Activities:

##### ACTIVITY 1:

Title of the Activity: **Gloves Making Machine (Fabrication going on)**

Need of the Activity: In this COVID crisis, the health workers, doctors, nurses who are closely watching the patients need protection, so to ensure their safety gloves is a must for protection.

Brief Description (Need/Impact/Action/Picture (if any)): In this COVID crisis, the health workers, doctors, nurses who are closely watching the patients need protection, so to ensure their safety gloves is a must for protection. The common people are hugely affected in this COVID scenario, they can also make money by selling gloves in the market. One lakh rupees has been granted from the UBA for this project.

##### ACTIVITY 2:

Title of the Activity: **Perennial Assistance for Villages**

Need of the Activity: **Developing the villages**

Brief Description (Need/Impact/Action/Picture (if any)): The villages need to be developed, for that technology is an essential part. The Copra dryer and Broom making machine will be very much helpful for the village development. One Lakh seventy-five rupees has been granted from the UBA.

#### Next action plan:

Sr. No.	Activity to be conducted (along with reason)
1	Preparing Village development Plan
2	Organizing GPDP
3	Identification of new Project solutions
