Sports & Games Report

2015-19

Shaji M.A, M.P.Ed, M.Phil, NIS
Associate Professor & HOD
Dept. of Physical Education
Vimal Jyothi Engineering College
Chemperi- Kannur- Kerala- 670012

Dr. Rajasree M.S.
Vice Chancellor

Shaji M.A , M.P.Ed, M.Phil, NIS
Associate Professor & HOD
Dept. of Physical Education
Vimal Jyothi Engineering College
Chemperi- Kannur- Kerala- 670632

FOREWORD

Sports and Games are essential components of human resource development, helping to promote good health, comradeship and spirit of healthy competition which in turn has a positive impact on the development of personality of the youth. There are hurdles to overcome in sports and in life. Sports are a very valuable learning ground for how to live your life in the best possible way. The performance of University sports teams and high profile athletes definitely enhances the reputation of the University. The varied intercollegiate programs ensure that all the students have access and opportunity to participate in sports programs to encourage healthy student life and vibrant campus environment.

Currently, the sports activities of the University are in the stage of infancy and require strengthening and streamlining. We hope that in the coming years, the University will be able to evolve adequate mechanisms to conduct sports events, enabling students to showcase and strengthen their capabilities.

I also hope that our student sports persons will be able to render their Technical / Engineering skills and capabilities, leading to design innovations in sports equipments and accessories. The areas of ergonomic aspects in the design of sports equipments and accessories and human kinematics will definitely require the intervention of Engineering and Technology innovations in the field of sports.

I would like to express my appreciation to the Advisor of Physical Education, Sports Coordinator, Zone Conveners, and Teachers of different colleges and the staff of the University for their dedicated efforts. I hope that all will find the report informative, and appreciate the efforts of the University in recognizing the potential in our young children.

Dr. Rajasree M.S.
