CHARITY PILGRIM

Vimal Jyothi is having the custom of conducting a community oriented programme right from the year 2007, named CHARITY PILGRIM. The ultimate aim behind the event is to inculcate sharing mind among upcoming engineers towards the socially, mentally & physically challenged people lives around our society.

This year 2020, Charity pilgrim was organized for the first year students on 15th February 2020. In this program 54 first year students were participated with their class tutors and management representatives

Beyond their academics, they had a chance to experience and interact with the people over there. They got a different vision regarding the need of empathetic living in the society. The students were glad that they had really a great time there. They could see an entirely different phase of life there and were really touched by some of the experiences shared by the in-mates there. The smile these students could bring on their face was the biggest reward received according to them. We are sure to have more such programs that helps us to connect more with the society, to see and understand the issues and problems in the outside world and also to mold us into a human being with moral values and humanitarian qualities.
