1	Introduction
	The purpose of this policy is to establish a mechanism to deal with internal examination related grievances in a transparent, time-bound, and efficient manner.
2	The policy
	To address any student grievance pertaining to the internal assessments the following flow of action shall be followed.
	<ol style="list-style-type: none"> 1. Aggrieved students must approach the faculty with the "internal exam grievance redressal form" and try to solve the discrepancy. 2. If not satisfied with the above step, the student should give a written request to the HOD through the course leader. 3. HOD based on the merit of the case, asks for details from the faculty concerned. 4. If satisfied with the response from the faculty, HoD informs his/her decision to the aggrieved student. 5. If the student is not happy with the solution, he approaches the Principal through the HOD. (Such transactions must be recorded at the department level) 6. If the Principal receives the case, he will constitute a subject/course expert committee to look into the matter. 7. The committee must submit an inquiry report to the Principal. 8. Principal conveys the decision to the aggrieved student. 9. If the student is still aggrieved, he/she must approach the college-level grievance committee (which is headed by the Principal). 10. The grievance committee gives recommendations based on the facts. 11. The Principal conveys the decision of the committee to the aggrieved student. 12. If the student is still not satisfied, he may go to the KTU Ombudsman.
