

# CIVIL ENGINEERING

## SRISHTI

Newsletter | Volume 6 | Issue 7 | February 2019

### Our Vision

To develop into a center of excellence for quality education moulding competent civil engineering professionals dedicated to the progress and development of humanity.

### Our Mission

1. To provide quality education and training to create competent civil engineers
2. To interact with industries to provide a knowledge base for existing and emerging technologies in the field of civil engineering.
3. To inculcate moral and ethical values among the students to mould them as civil engineers with social obligations.

### CIVIL DEPARTMENT

Civil engineering is the application of physical and scientific principles for solving the problems of society, and its history is intricately linked to advances in understanding of physics and mathematics throughout history. Its history is linked to knowledge of structures, materials science, geography, geology, soils, hydrology, environment, mechanics and other fields. The Department was established in 2010 with the inception of the college. Department boasts of a faculties in various specializations.

### FROM THE DESK OF THE HEAD

Our enrollment continues to climb despite increasingly rigorous admissions standards. As a Department, in recent years we have received more applications for an admission into Civil Engineering. As a result, the student body is a remarkable group of exceptionally bright, ambitious and hardworking students who are hungry for a top-flight engineering education. Our students find a diverse curriculum that emphasizes both traditional and emerging areas of Civil Engineering

## ARTS DAY CELEBRATIONS

Arts Day is about encouraging students to experience the Arts through programs, activities, watching performances or taking a gallery walk. Such an event was held in the college on 25th February 2019. This was a wonderful opportunity for students to showcase their talents and skills. The function was graced by the presence of Mr. Faisal Razi, the music composer who became an overnight sensation through his songs in the film 'Poomaram'. A variety of programmes were conducted on this day. Since creativity and innovation do not come in a single form or medium, the arts day highlighted the student work from a diverse range of genres, including music, poetry, dance and more stage performances at the Celebration of the Arts Day.

Students of civil Engineering too actively participated by making showing their hidden talents. They did never keep back, worked relentlessly day and night to arrange the venues and to set the stage. Cultural competitions were held on the day for all the semesters of the college. This was truly an occasion of celebration when the students gave expression to their own creativity and enjoy the performance of their friends. It was totally an exhilarating experience for everyone who spectated the event.

## TRAINING PROGRAM ATTENDED BY FACULTIES

- Mrs. Sigi Thomas attended AICTE Sponsored(QIP) short term course on "contemporary Technologies for water and waste water management" during 7/01/19 to 12/1/19 at TKM College of Engineering, Kollam. The program was really helpful to enhance their knowledge in latest technologies used in water and waste water management.
- She also participated in the International Workshop on Rebuilding a Resilient Kerala after the Floods organized by the Department of Civil Engineering & Department of Architecture of TKM College of Engineering, Kollam and university of Leeds, UK, during 6th and 7th January 2019 under the patronage of Government of Kerala

## NEW FACE IN THE DEPARTMENT

- Mr. Mithul Raj joined the Civil Department. He pursued his masters from NIT Jalandhar in Structural and Construction Engineering and Bachelors in Civil Engineering from TKM College of Engineering, Kollam.

## STUDENTS' ACHIEVEMENTS

- Mr. Rahul T P, final year Civil Engineering student got selected for the next round of CADD centre recruitment Drive.
- Ms.Emma Miranda got selected for the second round of Agile Consultancy recruitment drive.
- Mr. Akhil C Babu of S1 CE B achieved third prize in the Escaper event conducted as a part of XPLORE 19 at Government Engineering College, Kannur.
- With respect to the utilization of Rural Energy and technology development towards it, the project proposal put forward by Final Year Civil Engineering students, Lavanya N,Kavya pv, Aswathi K, Aswara T K is UBA-funded for an amount of Rs. 1 lakh.

Students working for the funded project

## PLACEMENTS IN THE DEPARTMENT

Anjali K of Final Year Civil Engineering emerged as one of the finalists to establish their career in Amazon. Congratulations for the success.

"Architects and engineers are among the most fortunate of men since they build their own monuments with public consent, public approval, and often public money." - John Prebble
